EPSON TOUR

TOURNAMENT RECAP

The Casino Del Sol Golf Classic was held March 30th – April 2nd. Gigi Stoll is the 2023 Casino Del Sol Golf Classic champion. The former University of Arizona Wildcat won on the course she called home in college – Sewailo Golf Club. Gigi Stoll shot a final round 68 to finish four rounds at 14-under par. Her final round included a tap in birdie on #17 to secure the win by a shot. Stoll earned \$30,000 for her first Epson Tour win, and sits in

third place in the top 10 on the Epson Tour's Race for the LPGA card.

AERIFICATION AND EASTER CLOSURE

The greens will be aerified on May 8th and 9th. Aerification is a short-term disruption that has long-term benefits for the golf course. Aerification achieves three important objectives. It relieves soil compaction, it provides a method to improve the soil mixture around the highest part of a green's roots, and it reduces or prevents the accumulation of excess thatch. Greens typically will heal back in two weeks.

SNAKES

Be aware of your surroundings everywhere on the golf course. Sewailo has wildlife including rattlesnakes. If you ever encounter a rattlesnake,

put a large distance between you and the snake – at least 15 feet. If the snake is coiled with its head raised, this means the snake is in defense mode and could strike. So, get even further away. Be careful when looking for any golf balls hit out in the desert. When it is hot outside, snakes seek shade. Use caution when going for a ball in a shady area.

solid traction. Stratolite foam under your foot provides ample cushioning and

support and control when you step onto the tee box.

The Imperial Cooling Towel is a great addition to your golf bag this summer. All you have to do to use the towel is wet it, wring it out, and then wave it to start the cooling process. Coolcore technology results in up to 30 percent lower surface temperatures when wet. Apply the cooling towel to your head or neck to save energy and keep cool. The towel is washable and reusable.

GOLF TIP: LONG BUNKER SHOT

From time to time, you will find yourself in a greenside bunker that is far from the pin. You can select a club with less loft such as a gap wedge or

even a pitching wedge if you are going to run the ball to the pin. Setup keys include ball forward, open stance, and open club face. Use a longer backswing and swing around your body for longer bunker shots. It is important to

accelerate into impact and through the ball into a full finish. You can hit behind the ball a couple of inches as normal. You do not need to vary the amount of sand you take for this longer shot.
