### DID YOU KNOW - TY BUTLER

Sewailo Golf Club is a collaboration between course designers Ty Butler and Notah Begay III. Butler helped to transform completely flat desert terrain into a golf course with rolling terrain. Sewailo meaning “land where the

flowers grow” in the Yaqui language, includes abundant landscaping interwoven with the desert environment and finishing holes with rose and other flowering plants. The course has a lush environment and desert terrain to create an “oasis” effect. Ty has spent 25 years designing, renovating and constructing nationally ranked

golf courses around the world. Many of Butler’s course designs are ranked highly in their states by Golf Digest, Golf Magazine, and Golf Week.

### GOLF TIP: SAFETY ZONE PUTTING DRILL

Speed control in putting is very important. When putting we want to get the ball to the hole, but not too far past the hole. For this speed control drill, lay either

a club or an alignment aid down three feet past the hole. Try to roll the ball past the hole, but within the safety zone. This drill gives you the best opportunity to make the first putt and a safe distance for a comeback putt. You will make the majority of putts that are

within three feet of the hole. If you try to roll the ball at least to the hole or just a few feet beyond the hole, this is working on a great speed that will hold the line you have chosen. Repeat this for a variety of putts including flat, uphill, downhill, and breaking putts.
